

FIGHT ICE WITH

FIRE!

A CALL FOR NATIONAL EMERGENCY MEETINGS ON THE BORDER MIGRANT CRISIS

People throughout the country, indeed the world, are appalled by the conditions for migrant and immigrant workers at the U.S. Mexican border. Only Trumpites show racist callous disdain for caged children and dying people.

Thousands took to the streets to oppose these conditions while the white supremacist President Trump led a military parade in DC to try and bully the world into silence. **But people are rising and resisting.**

Now we must address the root causes of this crisis.

Join FIRE (Fight for Im/migrant & Refugees Everywhere) in **EMERGENCY MEETINGS ACROSS THE COUNTRY** to build the movement for people power. If you believe that people power can stop this horror, then come to these meetings. If you believe that **all** cages should be shut down, not just those incarcerating migrants and their children, then come to these meetings. Mass incarceration is a crime just as heinous as the caging of migrant children.

We can no longer tolerate a militarized border, the deaths of trans migrants or the scenes of dead parents with their children. Democrats may be genuinely appalled by these conditions, but who can stop this? Alexandria Ocasio-Cortez is right in calling out the racist agents as rogues. But how many are not rogue?

Unfortunately, we cannot rely on Congress to fix the problems they created. They just threw an obscene \$4 billion at ICE with no conditions!

We must be inspired and look to the power of the Wayfair workers walking out on the job for their CEO's refusal to stop furnishing detention centers. We must look to people like those facing felony charges in Arizona for merely providing water to migrants, and the thousands creating rapid response networks for the undocumented.

It is our collective labor that will bring about real change.

**NO MORE CONCENTRATION CAMPS
IMMEDIATE ASYLUM FOR ALL REFUGEES
LET THE FAMILIES IN
END MASS INCARCERATION
NO BORDERS IN THE WORKERS STRUGGLE
END U.S. IMPERIALIST INTERVENTION
ABROAD**
