

FIRE DEMANDS IMMEDIATE RELIEF & LEGALIZATION FOR ALL MIGRANTS: FREE THEM ALL FROM DETENTION NOW

CLOSE THE DETENTION CENTERS NOW **OPEN THE BORDERS** **ASYLUM FOR THE REFUGEES** **FIGHT 4 IM/MIGRANTS & REFUGEES EVERYWHERE** **F.I.R.E.**

FIRE (Fight for Im/migrants & Refugees for all) is issuing the following demands in response to the COVID-19 Crisis. This dangerous virus is targeting all workers. It will especially affect migrants and refugees.

Many are already living in deplorable conditions in camps with and without walls. We demand solidarity and unity in the wake of this killer virus. Organize now to stop the anti-migrant racist Trump administration.

WE DEMAND:

1) Free all detainees.

- Immediately release all migrant detainees no matter the crime or status. Do not allow COVID-19 to take hold in detention centers.

2) Medicine & housing for all.

- No matter where you are born, health and shelter is a human right.

3) Full pay for all workers, no matter immigration status.

- Full pay means pay that makes the rent, utilities, and debt payments with enough left over for food, etc.

4) End ICE raids and deportations.

- ICE raids and deportations during COVID-19 are criminal and a death sentence.

5) Financial support to im/migrants.

- Im/migrants create much wealth for the bosses, they pay taxes and contribute to social security system and never collect.

They have earned their share of the stimulus package.

6) No more racism & xenophobia.

- Anti-migrant Trump was elected on an anti-Mexican, anti-migrant basis. This is a divide and conquer tactic that harms everyone in society.

7) Open the borders.

- Solidarity and human compassion is the only solution to the growing economic crisis and to forced migration.

8) End US imperialism.

- No more meddling in Central & South America, Africa, Asia and the Middle East. Immediate aid to refugees in European camps and elsewhere.

9) Abolish ICE & the police.

- We need community control, not more intimidation and arrests.

10) Immediate legalization for all.

- No one is illegal on stolen land. The US empire was built on slavery, genocide and robbery of Native land. That is what should be illegal, not people.
